Club Admin

Owner / club administrator - keep the club ready

App navigation reference; arrows match the numbered tasks below. Earlier screenshot layout.

1. Verify the venue. Manage venue: confirm club, publication status, official details, active deal and notification access.

2. Assign the shift. Tonight: name the duty manager and media reviewer; check roster and live queues.

3. Manage team access. Owner only: Team & activity > email > Manager or Staff > Invite team member. Revoke old invitations; remove departing staff.

4. Publish carefully. Review venue facts and terms > Preview customer experience > Approve & make live. Use Request changes for corrections.

5. Coordinate QR signs and stickers. Platform admin provisions them. Range 201-210 = 10 signs. Check every table number, Powered by MyDancr and www.mydancr.com. Keep NFC programming links private.

Remember: Owner manages team and club removal. Manager can handle operations and media reviews. Staff cannot approve media.

Need help? Wrong access or hidden venue? Check membership, account, active deal and publication state; then use Support.

Manual pp. 3-12, 21, 38 | www.mydancr.com | Keep this guide with your onboarding notes.
