Club Admin Team

Use your club owner login. Name the duty manager, content reviewer and backup. Review the current club and release status.

Invite staff	Manage venue > Team & activity > email > Manager/Staff > Invite team member. Check delivery and Pending invitations.
Change access	Owner only: Active team > role selector or Remove; revoke unused invitations and inspect Recent activity.
Publish club	Review facts/terms > Preview customer experience > reviewer sign-off > Approve & make live > verify public page.
Manage offers	Current Club Deals > Request a new deal / Request deal removal. MyDancr reviews and publishes; keep the reference.
QR and NFC	MyDancr admin creates table QR signs. Club verifies placement. Dancer stickers: inventory > Test/Support when appropriate.
External sites	Website grid > Preview > sign-off > Copy embed code > authorized website editor > check live destination.
Review business	Results > consistent period/time zone. Keep passes, admissions, requests and subscriptions distinct.

Remember. Last active deal removal hides the club/schedules. Club removal ends affiliations/check-ins and stops stickers; returning needs a new agreement.

Ready for the role. Can sign in, invite the correct role, find publication/deal status, identify the reviewer and explain QR versus NFC.
